

Save Newsome's historic mill ponds & green space

If you value this heritage green space at the heart of Newsome, please object to the latest information provided by the leaseholders Benjamin Bentley, who have applied for planning permission to build 22 houses on the land at Hart Street.

The leaseholders say that removing the 19th Century pond and building 22 new houses in front of the mill will have no impact on our local heritage.

Consultation open to 16th November

If you value this open space, will you help us? Please write to the Planning Service to say that you're still opposed to these plans. Every letter and email will help.

How you can help

Object to the plans online at:

www.savenewsomemillponds.org.uk

Choose ● 'Make a comment on this...'

Write to: Planning Service, Kirklees Council, PO BOX B93, Civic Centre III, off Market Street, Huddersfield HD1 2JR.

Email: DC.Admin@kirklees.gov.uk

What the Planning Inspectorate says about Newsome Mill ponds & the green space at Hart Street

"The openness of this previously undeveloped part of the site provides valuable visual relief in what is otherwise a fairly densely developed urban area.

"The loss of previously undeveloped open land resulting from the proposal would have an unacceptable impact on the character and appearance of the area." *

If you agree with this, please object to the current planning application and quote this statement in your letter, email or web comment.

(*This was the verdict of Planning Inspector A J Davison, who dismissed an appeal about a similar planning application for this site in August 2009.)

Make sure that the Planning Service receives your comments by **Wednesday 16th Nov 2016**
